To qualify for funding, your project must involve a listed building used as a place of public worship a minimum of six times a year. Works must be currently underway or have been carried out or completed since 01 April 2026. Up to £1million is available through this pilot scheme in 2026/27, and will be allocated on a first come, first serve basis. Internal works to the building fabric, as well as fixed items of furniture and religious ritual, and external repair and maintenance works may be funded.
